Cambridge IGCSE Business (0450 / 0264)

Motivation

2 People in business
2.4 Motivating employees (0450: 2.1)

A revision lesson. Pupils run a car dealership in firms of four and revise motivation on their own deals. Seat each firm together. Each firm answers the topic tasks together.

What pupils do

Every pupil buys and sells cars. In Firm decisions, each role has its own job.

CEO

Staff · Sabotage from Round 2

Finance

Capital & Loans · Investments

Sales & Marketing

Marketing

Operations

Seasonal stock

Topic tasks

Each firm gets its own figures. The method is the same. Your Live screen shows each task and every firm's answer.

1 Herzberg: hygiene

Round 1

You raise pay and fix the cold workshop. Complaints stop, but staff work no harder.

Using Herzberg, why did output not rise?

- **A** Pay is a motivator, but too small
- **B** Staff's esteem needs are already met
- **C** Pay and conditions are hygiene factors
- **D** Staff need closer supervision

ANSWER

✓ Pay and conditions are hygiene factors

Why: Hygiene factors remove dissatisfaction but do not motivate.

2 Non-financial ways

Round 1

You cannot afford pay rises this year.

Which two are non-financial ways to motivate?

- **A** Commission on each sale
- **B** More responsibility at work
- **C** A staff discount on cars
- **D** Praise and awards for good work
- **E** A bonus for hitting targets

ANSWER

✓ More responsibility at work
✓ Praise and awards for good work

Why: Praise and responsibility cost little; the other three are money or benefits.

3 Maslow in order

Round 2

Maslow's hierarchy of needs, at your firm.

Put the needs in order, lowest first?

- **A** Safety: a secure contract
- **B** Social: a friendly team
- **C** Esteem: praise for good work
- **D** Physiological: pay for the basics

ANSWER

1. **Physiological: pay for the basics**
2. **Safety: a secure contract**
3. **Social: a friendly team**
4. **Esteem: praise for good work**

Why: Maslow: physiological, safety, social, then esteem, then self-actualisation.

Topic tasks

4 Pay with commission

Round 2

Basic pay plus commission on sales.

Her pay this month?

Basic pay this month	**£1,800**
Her car sales this month	**£85,000**
Commission on her sales	**1%**

ANSWER

£2,650

£1,800 + 1% × £85,000 = £2,650

Why: Commission rises with each sale, so her pay follows her selling.

5 Pay rise or variety

Round 3

Staff say their pay is fair, but the work is the same every day.

Which change should you make, and why?

A A 3% pay rise for all

B More varied, responsible work

ANSWER

✓ More varied, responsible work

Why: Pay is not the problem; varied work with responsibility tackles dull jobs.

6 Maslow: next need

Round 3

A technician has a secure, well-paid job and friends at work, but feels no one values her skill.

Using Maslow, which need should you meet next?

A Esteem needs

B Physiological needs

C Safety needs

D Social needs

ANSWER

✓ Esteem needs

Why: Safety and social needs are met; recognition is an esteem need, which comes next.

Final questions

Each pupil answers 6 final questions on motivation. They come from these 8 questions.

Then each pupil writes one short answer: “Explain why commission might motivate a salesperson.”

1. Which action is a non-financial method of motivating employees?
   ✔ **Giving technicians more responsibility and recognition for good work**

2. A valeting firm pays workers for each vehicle completed. What is a possible disadvantage?
   ✔ **Workers may rush, reducing service quality**

3. A dealer pays sales staff a basic wage plus commission on each car sold. Which type of motivation is commission?
   ✔ **A financial method**

4. Which is a non-financial way to motivate workshop staff?
   ✔ **Praise and recognition for good work**

5. A salesperson earns £1,400 a month plus 2% commission on sales. In a month with £60,000 of sales, what is the total pay?
   ✔ **£2,600**

6. Why does a dealership want well-motivated staff?
   ✔ **They work harder and are less likely to leave**

7. Valeters swap between washing, polishing and checking cars each day. What is this method called?
   ✔ **Job rotation**

8. At the end of a good year a dealer gives every employee a share of the profit. What is the main aim?
   ✔ **To make staff care about the whole firm doing well**
