Human resource management

Unit 4: Managing 2

4.2 Human resource management: recruitment and selection, people development

A revision lesson. Pupils run a car dealership in firms of four and revise human resource management on their own deals. Seat each firm together. Each firm answers the topic tasks together.

What pupils do

Every pupil buys and sells cars. In Firm decisions, each role has its own job.

Seasonal stock

Topic tasks

Each firm gets its own figures. The method is the same. Your Live screen shows each task and every firm's answer.

1 Promotion risk

Round 1

You promote your best salesperson to sales manager.

Which risk is most likely?

- **A** They do not know the firm
- **B** High advertising costs
- **C** Staff see no route to promotion
- **D** You lose a top seller to replace

ANSWER

✓ You lose a top seller to replace

Why: Internal promotion leaves a gap where the best seller used to sell.

2 Cost of turnover

Round 1

Labour turnover at your firm doubled this year.

Which two costs are most likely to rise?

- **A** Hiring and training new staff
- **B** Lost sales while new staff learn
- **C** Overtime to cover idle staff
- **D** Pensions for long-serving staff
- **E** Redundancy pay

ANSWER

✓ Hiring and training new staff
✓ Lost sales while new staff learn

Why: Each leaver must be replaced and trained, and new staff sell less at first.

3 Labour turnover

Round 2

Three branches: staff on average, and how many left this year.

Order by labour turnover, lowest first?

- **A** 50 staff, 10 left
- **B** 24 staff, 6 left
- **C** 80 staff, 12 left

ANSWER

1. 80 staff, 12 left
2. 50 staff, 10 left
3. 24 staff, 6 left

Why: Turnover 15%, 20%, 25%: the fewest leavers is the highest rate.

Topic tasks

4 Staff to recruit

Round 2

Plan the workshop staff for next year.

How many must you recruit?

Technicians needed next year	**23 staff**
Technicians now	**20 staff**
Labour turnover a year	**25%**

ANSWER

8 staff

25% of 20 = 5 leave; 23 − 15 = 8

Why: Recruit for growth and for the staff who leave.

5 Full or part time

Round 3

Most buyers come on Saturdays; weekdays are quiet.

Which staffing should you choose, and why?

A Part-time staff for weekends

B More full-time staff all week

ANSWER

✓ Part-time staff for weekends

Why: Part-time staff match the cost of staff to the busy times.

6 Why a role-play

Round 3

Applicants must sell a car to a manager in a role-play before any job offer.

Why is this better than an interview alone?

A It attracts more applicants

B It replaces induction training

C It tests the skill the job needs

D It is cheaper than an interview

ANSWER

✓ It tests the skill the job needs

Why: A role-play shows how well each applicant sells, so selection is more reliable.

Final questions

Each pupil answers 6 final questions. Pick the question topic “Human resource management”: the 6 come from these 10 questions.

Then each pupil writes one short answer: “Evaluate flexible contracts for your sales staff.”

1 What is the first step in recruitment?
✔ **Deciding what the job involves (job description)**

2 A person specification for a technician would include...
✔ **the qualifications and skills needed**

3 Recruiting internally for a manager: which is a drawback?
✔ **No new ideas come in from outside**

4 Selection is...
✔ **choosing the best candidate from applicants**

5 Training 5 technicians costs €600 each plus €200 of lost work each. What is the total cost?
✔ **€4,000**

6 Six of an average 40 staff left this year. What is the staff turnover rate?
✔ **15%**

7 Why does a dealer run a performance appraisal with each employee every year?
✔ **To review performance and agree training and goals**

8 Induction training is for...
✔ **new staff learning the firm’s rules and systems**

9 Which is a reward other than basic pay?
✔ **A commission on each sale**

10 A dealer spends €8,000 training staff on EVs and then loses two of them to a rival. What is the lesson?
✔ **Pair training with reasons to stay, such as development paths**
