People management: motivation

3.2 Unit: Managing people and operations
3.2.1 People management: motivation

A revision lesson. Pupils run a car dealership in firms of four and revise people management: motivation on their own deals. Seat each firm together. Each firm answers the topic tasks together.

What pupils do

Every pupil buys and sells cars. In Firm decisions, each role has its own job.

CEO

Staff · Sabotage from Round 2

Finance

Capital & Loans · Investments

Sales & Marketing

Marketing

Operations

Seasonal stock

Topic tasks

Each firm gets its own figures. The method is the same. Your Live screen shows each task and every firm's answer.

1 Herzberg: hygiene

Round 1

You raise pay and fix the cold workshop. Complaints stop, but staff work no harder.

Using Herzberg, why did output not rise?

- **A** Pay and conditions are hygiene factors
- **B** Staff need closer supervision
- **C** Pay is a motivator, but too small
- **D** Staff's esteem needs are already met

ANSWER

✓ Pay and conditions are hygiene factors

Why: Hygiene factors remove dissatisfaction but do not motivate.

2 Staff feel ignored

Round 1

A staff survey says pay is fine, but staff feel ignored.

Which two changes should motivate most?

- **A** Ask staff to help set targets
- **B** A 2% pay rise for all
- **C** Closer checks on their work
- **D** Let teams plan their own work
- **E** A bonus for every car sold

ANSWER

✓ Ask staff to help set targets
✓ Let teams plan their own work

Why: Feeling ignored is not about pay: involvement and trust tackle it.

3 Maslow in order

Round 2

Maslow's hierarchy of needs, at your firm.

Put the needs in order, lowest first?

- **A** Safety: a secure contract
- **B** Esteem: praise for good work
- **C** Social: a friendly team
- **D** Physiological: pay for the basics

ANSWER

1. **Physiological: pay for the basics**
2. **Safety: a secure contract**
3. **Social: a friendly team**
4. **Esteem: praise for good work**

Why: Maslow: physiological, safety, social, then esteem, then self-actualisation.

Topic tasks

4 Piece-rate pay

Round 2

Prep staff are paid per car finished.

Her pay this week?

Pay per car prepared	**£16**
Cars she prepared this week	**46 cars**
Extra per car above 30 cars	**£5**

ANSWER

£816

46 × £16 + 16 × £5 = £816

Why: Piece rate pays for output, so staff work faster, sometimes at the cost of quality.

5 Pay or promotion

Round 3

Sales staff are leaving. Exit interviews say pay is fair, but there is no chance to progress.

What should you offer, and why?

A Training and a clear promotion path

B A higher basic salary

ANSWER

✓ Training and a clear promotion path

Why: Pay is not the problem; a chance to grow and progress meets the need staff named.

6 Maslow: next need

Round 3

A technician has a secure, well-paid job and friends at work, but feels no one values her skill.

Using Maslow, which need should you meet next?

A Social needs

B Esteem needs

C Physiological needs

D Safety needs

ANSWER

✓ Esteem needs

Why: Safety and social needs are met; recognition is an esteem need, which comes next.

Final questions

Each pupil answers 6 final questions on people management: motivation. They come from these 8 questions.

Then each pupil writes one short answer: “Assess piece rate pay for your workshop staff.”

1. A workshop manager wants technicians to feel their work matters. Under Herzberg, which is a motivator rather than a hygiene factor?
   ✔ **Recognition for good work**

2. Technicians complain about cold, badly lit bays. Herzberg would say that fixing them does what?
   ✔ **Removes dissatisfaction but does not motivate**

3. A dealer’s sales team has secure jobs and fair pay but feels no sense of belonging. Which level of Maslow’s hierarchy is unmet?
   ✔ **Social (love and belonging) needs**

4. Taylor’s scientific management would pay valeters per car cleaned. What is the main risk for the dealer?
   ✔ **Quality falls as staff rush to finish more cars**

5. A valeter is paid £9 per car plus a £120 weekly basic. In a week with 38 cars, what is the valeter’s pay?
   ✔ **£462**

6. Which is a non-financial method of motivating showroom staff?
   ✔ **Job enrichment**

7. Experienced technicians are allowed to diagnose and schedule their own jobs. Why can this raise motivation?
   ✔ **Autonomy and responsibility are motivators**

8. A dealer offers a £500 bonus to any salesperson who sells 12 cars in a month. Which type of method is this?
   ✔ **A financial method of motivation**
