# Recruitment, selection and training

3.4 Human resources
**3.4.2 Recruitment and selection of employees;**
**3.4.4 Training**

A revision lesson. Pupils run a car dealership in firms of four and revise recruitment, selection and training on their own deals. Seat each firm together. Each firm answers the topic tasks together.

# What pupils do

Every pupil buys and sells cars. In Firm decisions, each role has its own job.

## CEO

**Staff · Sabotage** from Round 2

## Finance

**Capital & Loans · Investments**

## Sales & Marketing

**Marketing**

## Operations

**Seasonal stock**

# Topic tasks

Each firm gets its own figures. The method is the same. Your Live screen shows each task and every firm's answer.

## 1 Recruit from where

Round 1

You need a new sales manager. No one in the firm has ever managed a team.

**Which method fits best, and why?**

- **A** External: brings the skills needed
- **B** Internal: they know the firm
- **C** Internal: quicker and cheaper
- **D** Induction: train someone on day one

**ANSWER**

**✓ External: brings the skills needed**

**Why:** No one inside has the skills, so recruiting externally fits best.

## 2 Promote from within

Round 1

You fill a sales manager job by promoting your best salesperson.

**Which two are benefits of this?**

- **A** Brings new ideas from outside
- **B** A wider choice of people
- **C** They already know the firm
- **D** Cheaper than advertising the job
- **E** Leaves no job to fill

**ANSWER**

**✓ They already know the firm**
**✓ Cheaper than advertising the job**

**Why:** Internal recruitment is quick, cheap and known, but brings no new ideas.

## 3 Recruitment steps

Round 2

You recruit a new technician.

**Put the steps in order, first to last?**

- **A** Write the job description
- **B** Advertise the job
- **C** Interview the shortlist
- **D** Write the person specification

**ANSWER**

**1. Write the job description**
**2. Write the person specification**
**3. Advertise the job**
**4. Interview the shortlist**

**Why:** The job first, then the person it needs, then the advert and the interviews.

# Topic tasks

## 4 Cost of recruiting

Round 2

You recruit one new salesperson. She is paid during induction training.

**Total cost of recruiting and training?**

| | |
|---|---|
| Job advert | **£800** |
| Two managers interview, each | **£180** |
| Induction training | **2 days** |
| New worker's pay a day | **£100** |

**ANSWER**

**£1,360**

£800 + 2 × £180 + 2 × £100 = £1,360

**Why:** Every leaver costs the advert, the interviews and the training again.

## 5 College or on job

Round 3

A new technician must learn your firm's own booking system fast.

**Which training fits, and why?**

**A** On the job, with a skilled worker

**B** A week-long college course

**ANSWER**

**✓ On the job, with a skilled worker**

**Why:** A college does not teach your own system; a colleague can, at once.

## 6 Keep new staff

Round 3

New staff leave in their first month. They say no one showed them how the firm works.

**Which change will most likely help?**

**A** Recruiting from outside

**B** Higher starting pay

**C** College courses next year

**D** Better induction training

**ANSWER**

**✓ Better induction training**

**Why:** Induction introduces new staff to the firm, its people and its rules.

# Final questions

Each pupil answers 6 final questions on recruitment, selection and training. They come from these 10 questions.

1 What is the main purpose of a job description?
✔ **To set out the duties and responsibilities of a job**

2 A dealer advertises a team-leader vacancy only to current employees. What is one likely advantage?
✔ **Its staff are known and promotion motivates**

3 A workshop needs a specialist EV technician but nobody currently has the qualification. Why use external recruitment?
✔ **It can bring the missing skill into the business**

4 The only EV technician is unexpectedly absent for two weeks. Which preparation would have reduced this risk?
✔ **Training a second employee in EV work**

5 New diagnostic software goes live next month. Which training plan best limits errors and downtime?
✔ **Practical supplier-led training plus a competency check before independent use**

6 A dealership fills a sales manager vacancy by promoting one of its own sales staff. Which type of recruitment is this?
✔ **Internal recruitment**

7 Which document describes the skills and experience a technician should have?
✔ **A person specification**

8 Why might a dealer recruit externally for an electric-vehicle specialist?
✔ **Nobody inside has the skills yet**

9 A dealer fills a sales manager job by promoting one of its own salespeople. What is one advantage of this?
✔ **The person already knows the business**

10 A dealer lists the skills, qualifications and qualities a new mechanic must have. What is this document called?
✔ **A person specification**
