EXTRA SUPPORT (SEND)

Yes, the game has extra support for pupils with SEND.

The teacher switches it on. The pupil gets more time, fewer questions and a Read aloud button. Pupils never see the words SEND or Extra support.

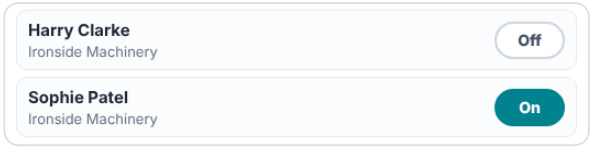

For the whole class

Tick **Extra support (SEND)** when you create the lesson.

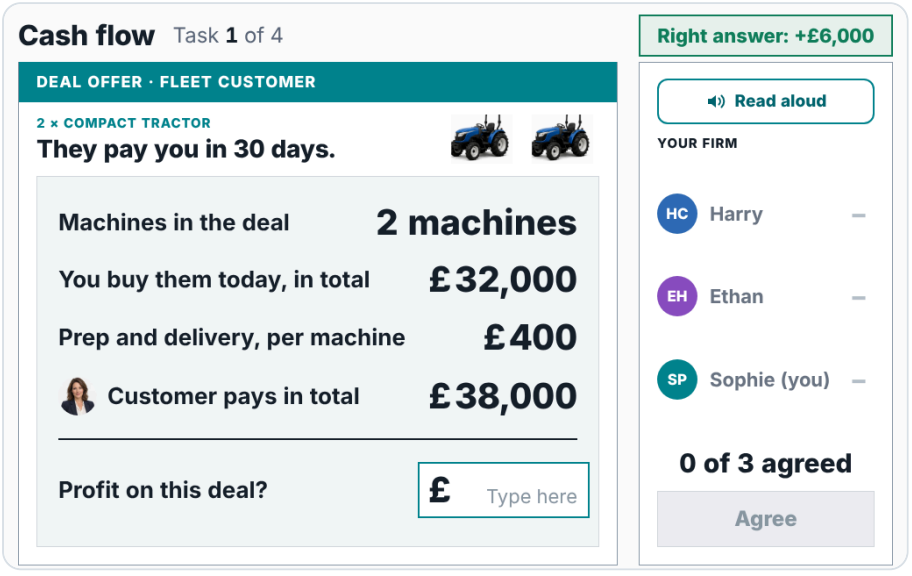

For one pupil

During the lesson, press **SEND** and switch the pupil On. The list opens in its own tab, never on the projected screen.
