COURSE

Pearson BTEC Level 3 National Diploma in Business (601/7157/1)

Stakeholders and ethics

Unit 1: Exploring Business · A2 Stakeholders; C2 Corporate social responsibility and ethics

Revision for Unit 1: Exploring Business: each firm works it out on its own deals.

Class	Topic
Pearson BTEC Level 3 National in Business	**Stakeholders and ethics**

THE LESSON

Setup	3 min

Round 1 — Decisions 3 min · Deals 5 min · Topic tasks 4 min

Firm decisions	**Deals**	**Topic task 1**	**Topic task 2**

Round 2 — Decisions 3 min · Deals 5 min · Topic tasks 4 min · B2B deal 3 min

Firm decisions	**Deals**	**Topic task 3**	**Topic task 4**	**B2B deal**

Round 3 — Decisions 3 min · Deals 5 min · Topic tasks 4 min · B2B deal 3 min

Firm decisions	**Deals**	**Topic task 5**	**Topic task 6**	**B2B deal**

Final questions	3 min

Fits a 30-minute lesson setting; longer settings add more deals.

Each step

Firm decisions	Each role makes its decision on its own page.
Deals	Each pupil trades with a classmate in another firm.
Topic task	The firm answers together. Everyone presses Agree.
B2B deal	One firm sells a lot of cars to another firm.
Final questions	Each pupil answers six questions.

Firm decisions

CEO	**Staff**	Hire staff. Each costs a salary and gives one benefit.
	Sabotage FROM ROUND 2	Hit a rival firm's cash, at a cost. A Legal Counsel blocks it.
Sales & Marketing	**Marketing**	Book one advert campaign to lift the next sales.
Finance	**Capital & Loans**	Borrow cash. The firm pays it back with interest.
	Investments FROM ROUND 2	Buy property or funds. The value can rise or fall.
Operations	**Seasonal stock**	Order the season's cars in advance.

B2B deal · Rounds 2 and 3

One firm sells a lot of 3 cars to another firm (4 in Round 3). With an odd number of firms, two firms offer to sell and the lower price wins.

Topic tasks

Each firm gets its own figures. The method is the same for every firm.

Task 1

ROUND 1

The board cuts staff training to pay a higher dividend this year.

Whose interest does this put first?

PICK ONE

- ○ Community: CSR
- ○ Customers: better service
- ○ Employees: their training
- ✔ **Owners: shareholder value**

Why: A higher dividend puts shareholder value above the staff.

Task 2

ROUND 1

Your firm pays for road-safety lessons in local schools, though no law asks it to.

Which two benefits are most likely?

PICK TWO

- ✔ **A better local reputation**
- ✔ **Easier to recruit staff**
- ○ Fewer laws to follow
- ○ Higher profit this year
- ○ Lower costs this year

Why: CSR costs money now, but wins goodwill with buyers and job seekers.

Task 3

ROUND 2

Three firms: profit for the year, and the dividends paid.

Order by share of profit paid out, lowest first?

PUT THESE IN ORDER, FIRST TO LAST · RIGHT ORDER

1. **Profit £150,000, dividends £15,000**
2. **Profit £200,000, dividends £50,000**
3. **Profit £80,000, dividends £40,000**

Why: 10%, 25%, 50%: the rest is kept to invest in the firm.

Task 4

ROUND 2

Road-safety lessons in local schools.

Effect on profit? Minus allowed.

WORK OUT THE NUMBER, THEN PICK IT · EXAMPLE FIGURES

Cost of the lessons, a year	**£9,000**
Extra sales from goodwill	**6 cars**
Contribution per car	**£1,900**

METHOD

Effect = extra cars × contribution – cost of the lessons

6 × £1,900 – £9,000 = £2,400

Why: CSR costs money now; goodwill must bring sales to pay for it.

Task 5

ROUND 3

A green valeting firm costs £4,500 more a year and wins 4 extra sales, £900 contribution each.

Which choice raises profit on these figures, and why?

PICK A OR B AND GIVE A REASON

- ✔ **Keep the current firm**
- ○ Switch to the green firm

Why: 4 × £900 = £3,600, under the £4,500 extra cost: on these figures it loses £900 a year.

Task 6

ROUND 3

Residents who care about traffic from your new showroom win the council's support.

How should you now treat the residents?

PICK ONE

- ✔ **Consult them closely**
- ○ Ignore them: they have no say
- ○ Send them a newsletter
- ○ Wait for the council to decide

Why: Their interest was high; with the council behind them their power is too.

Final questions

6
questions for each pupil

112
Level 3 Business questions

5
of them on stakeholders and ethics

The game draws 6 of the 112 Level 3 questions; these 5 are about stakeholders and ethics.

1 A low-cost battery supplier cannot evidence safe labour conditions. Which response is real ESG due diligence, not just marketing?
Pause orders, verify evidence, disclose the risk.

2 A legal finance promotion is likely to be misunderstood by vulnerable customers. Which response best supports responsible long-term performance?
Test understanding, show total cost and risks, fix bad incentives.

3 A dealer learns that a contractor manipulated mileage records. Which board response best protects long-term value?
Stop affected sales and investigate independently.

4 A brake fault means a dealer must recall every car of one model it sold. Apart from owners, which stakeholder is most affected?
Workshop staff: weeks of unplanned recall work displacing jobs.

5 A dealer group says it takes a stakeholder approach rather than a shareholder approach. Which statement says what that distinction means?
Stakeholder: weigh every affected group; shareholder: owners' return first.
