B2B deal · Rounds 2 and 3

One firm sells a lot of 3 cars to another firm (4 in Round 3). With an odd number of firms, two firms offer to sell and the lower price wins.

Topic tasks

Each firm gets its own figures. The method is the same for every firm.

Task 1

ROUND 1

You pay prep staff per car finished, not by the hour. Faults found at handover double.

What best explains the rise in faults?

PICK ONE

- ✔ **Pay now rewards speed over quality**
- ○ Staff have too little to do
- ○ Staff now earn less than before
- ○ Staff want more fringe benefits

Why: Paying per car rewards speed, so staff rush and quality falls.

Task 2

ROUND 1

A staff survey says pay is fine, but staff feel ignored.

Which two changes should motivate most?

PICK TWO

- ○ A 2% pay rise for all
- ○ A bonus for every car sold
- ✔ **Ask staff to help set targets**
- ○ Closer checks on their work
- ✔ **Let teams plan their own work**

Why: Feeling ignored is not about pay: involvement and trust tackle it.

Task 3

ROUND 2

Three branches: staff days lost to absence, and days that could be worked.

Order by absence rate, lowest first?

PUT THESE IN ORDER, FIRST TO LAST · RIGHT ORDER

1. **60 of 3,000 days**
2. **200 of 5,000 days**
3. **90 of 1,500 days**

Why: Absence rates 2%, 4%, 6%.

Task 4

ROUND 2

Prep staff are paid per car finished.

Her pay this week?

WORK OUT THE NUMBER, THEN PICK IT · EXAMPLE FIGURES

Pay per car prepared	**£16**
Cars she prepared this week	**46 cars**
Extra per car above 30 cars	**£5**

METHOD

Pay = cars × pay per car + cars above the target × extra

46 × £16 + 16 × £5 = £816

Why: Piece rate pays for output, so staff work faster, sometimes at the cost of quality.

Task 5

ROUND 3

Sales staff are leaving. Exit interviews say pay is fair, but there is no chance to progress.

What should you offer, and why?

PICK A OR B AND GIVE A REASON

- ○ A higher basic salary
- ✔ **Training and a clear promotion path**

Why: Pay is not the problem; a chance to grow and progress meets the need staff named.

Task 6

ROUND 3

A pay rise stopped the complaints, but output did not rise. Staff say the work has no challenge.

Which change should raise output most?

PICK ONE

- ○ Add a fringe benefit
- ✔ **Give staff more responsibility**
- ○ Raise pay again
- ○ Supervise staff more closely

Why: Pay removed the complaints; challenge and responsibility raise effort.
